

MEMORANDUM

DATE: September 28, 2020

TO: The Planning Commission Working Group

FROM: Ellen Cook, Principal Planner

SUBJECT: Work Session #7 – Preliminary Preferred Scenario Information

Today's work session marks the seventh meeting of the Planning Commission Working Group (PCWG) as James City County continues to move through the Engage 2045 Comprehensive Plan update process.

At the PCWG's meeting on September 14, the PCWG discussed the preliminary public input results from the Exploring our Alternative Futures Assembly questionnaires. The Community Participation Team and the consultants and staff are continuing to work on summarizing the public input results, particularly with regard to the open ended responses to the goals questionnaire, and this information will be brought back to the PCWG in the full context of an engagement summary report. At the last meeting, the PCWG also discussed the Population Needs technical report and associated materials.

At this meeting, the PCWG will begin the process of reviewing the Preliminary Preferred Scenario Concept information. The packet includes a Preferred Scenario Framework memo and an accompanying presentation.

Similar to past PCWG meetings, this meeting will be held electronically due to the COVID-19 pandemic and in accordance with the Continuity of Government Ordinance adopted by the Board of Supervisors on April 14 and September 8. Staff will be sharing the Zoom meeting details for you to participate in the meeting remotely. Citizens will be able to submit comments prior to the meeting and view the meeting on the County's YouTube channel or public access cable channel TV48.

The Planning Team looks forward to hearing your thoughts as we prepare for the next phases of the Comprehensive Plan update process.
